**Our Mission**

BEDC seeks to create and expand economic opportunity throughout Brooklyn by implementing business and neighborhood development and planning activities to support and create sustainable jobs, industries and communities.

If you are a small business owner or are thinking about starting your own business this is a great opportunity to meet one-on-one with an attorney and learn more about the legal consequences of owning and operating a business in NYC.

- Do you need help deciding whether or not to incorporate?
- Do you have questions about contracts?
- Intellectual property rights?
- Are you planning to rent a storefront or renew your commercial lease?

The Neighborhood Entrepreneur Law Project, a program of the City Bar Justice Center, provides free quality legal assistance to low-income microentrepreneurs who reside in NYC and are interested in starting a small business or who already have an existing business.

Come and have your questions answered by volunteers of the Neighborhood Entrepreneur Law Project.
